

## COURSE DATASHEET

<b>Semester:</b>	2015/16/2
<b>Course:</b>	Thesis II.
<b>Code:</b>	VEMKAMM410D
<b>Responsible department:</b>	Institute of Materials Engineering
<b>Department code:</b>	MKSI
<b>Responsible instructor:</b>	dr. Éva Makó Kristófné Dr.

---

### Course objectives:

Students get acquainted with the selected task of thesis. Students get familiar in related literatures, experimental works, and examination methods, as well as prepare thesis about their results. The task of thesis can change year by year.

### Course content:

Getting familiar in related literatures. Experimental work. Preparation and submission of thesis.

### Requirements, evaluation and grading:

Requirements of teacher's signature are attendance of practice, preparation and submission of thesis until the end of the semester.

### Required and recommended readings:

Literatures related to the thesis.
