

COURSE DATASHEET

Semester:	2013/14/1
Course:	Biogeochemical cycles
Code:	VEMKKK5112B
Responsible department:	Department of General and Inorganic Chemistry
Department code:	MKAK
Responsible instructor:	dr. Ottó Horváth

Course objectives:

Course content:

Requirements, evaluation and grading:

Required and recommended readings:

Papp, S., Kümmel, R., Környezeti kémia, Tankönyvkiadó, Budapest, 1992. Butcher, S.S. et al. Global Biogeochemical Cycles, Academic Press, London, 1992.
