

COURSE DATASHEET

Semester:	2014/15/2
Course:	Communication in Engineering
Code:	VEMKVVB212K
Responsible department:	Department of Hydrocarbon and Coal Processing
Department code:	MKOL
Responsible instructor:	Eszter Kriván

Course objectives:

Acquirement of skills and techniques that are commonly applied in engineering, too.

Course content:

Detailed content of the subject

1. Elements of communication
2. Methods of communication (verbal and non-verbal communication, metacommunication)
3. The global communication
4. Listening and understanding
5. Self-knowledge, sensing and cognition
